

AWARENESS ON DENGUE FEVER – 11/9/2014

A dengue awareness programme was conducted jointly by the **Institute of Public Health, Poonamallee** and the **National Service Scheme (NSS) Unit of SIET** at the college premises on 11th September 2014. **Dr.T.Ravi**, principal of our college presided the event and **Dr.Ramakrishnan MBBS**, Medical Officer of the Government Upgraded Primary Health Centre, Poonamallee., and health inspectors spoke on dengue fever, the mode of transmission of the disease and the ways of preventing an outbreak. Around 80 volunteers participated in the programme. Totally the Programme was very successful in conveying the detailed information in a short time to student participants. *Students also promised to spread the awareness regarding the diseases among the people in the society.*
